Full Mock 4

Step	What to do						
Before	Testbook → an RRB JE CBT-I full previous paper you have not attempted (2026 shifts first, then Dec 2024). Phone away, water, rough sheets, a clock.						
During	90 minutes, one sitting, no pause. Practise the plan's order (GA → Science → Reasoning → Maths) and the two-round method. Mark every question you skip.						
Rule	No blind guesses. Guess only after eliminating at least one option.						
After	Fill the table below immediately, before you look at any solution.						
Mock 4	Attempted	Correct	Wrong	Left	Net	Time (min)	Target net
Maths							24.67
Reasoning							21.67
General Science							21.00
General Awareness							9.33
Total							76.67
Step	Analysis (60-90 min)						
1	Net = correct – wrong ÷ 3, for each section.						
2	Tag every wrong answer: concept / formula / calculation / misread / careless / guessed . Write the tags in your mistake log.						
3	Solve every skipped question untimed. Solved in under 90 sec? → a selection or speed loss : you knew it. List these separately.						
4	Time per section vs budget (GA 8 · Science 22 · Reasoning 22 · Maths 32 · review 6). Which one overran?						
5	The 3 topics that cost the most marks → tomorrow's weak-topic drill.						
6	Pick 5 questions to redo in 3 days. Send me the table + wrong and skipped questions — I'll diagnose them and send 5 similar ones.
